GENERAL METERED SERVICE WITH
Automatic Fire Sprinkler System (Continued)

SPECIAL CONDITIONS

1. Any service to a residential customer who requires a larger meter because of fire flow requirement to a fire sprinkler system will be billed (i) a meter service charge, for the appropriate meter size determined based on the normal water use of the customer excluding the fire flow requirement; and (ii) an upsize charge, determined by the difference between the actual Meter size required including the fire flow requirement and the appropriate meter size required without the fire flow requirement; and (iii) the quantity rate based on the quantity of water used.
2. For the purpose of fire protection under this schedule, the utility will supply only such water at such pressure as may be available from time to time as a result of its operation of the system. Section 774 of the Public Utilities Code limits the liability of the utility resulting from a claim regarding the provision or maintenance of an adequate water supply, water pressure, equipment or other fire protection facility or service. Acceptance of service under this tariff is acknowledgment of notice of the provisions of Section 774 of the Public Utilities Code.
3. All bills are subject to the reimbursement fee set forth on Schedule No. UF.
4. To fund the Water Rate Assistance Program (WRAP) for residential low-income households, a surcharge of \$1.45 per month will be added to the bill. (I)

3. To fund the Water Rate Assistance Program (WRAP) for residential low-income households, a surcharge of \$1.45 per month will be added to the bill. (I)

4. It is the Company's intent to provide service to all its customers to the full extent of its capacity to serve, except that in the event that there is a substantial risk to the Company's ability to maintain service to customers in the Mountain District, the Company, at its sole discretion, may temporarily interrupt or reduce service to such customers.

Such interruption or reduction of service may occur when (1) customer consumption, or (2) significant electrical, mechanical or supply issues challenge the Company's ability to meet demand for service. Should service be interrupted, the Company shall give timely priority to remedies that are within its control to alleviate the need for the interruption of service.

The Company will inform customers of planned improvements to its facilities serving the Mountain District through its annual system status report to Redwood Estates Services Association.

When service is interrupted, the Company agrees to promptly notify the interrupted customer's designated representative (one per mutual water company). Such notification shall be provided by telephone or by a reasonable alternative method specified by the customer and acceptable to the Company. It is the customer's responsibility to provide the Company, in writing, the name and contact information for its designated representative, to update that information, in writing when appropriate, and to ensure that any designated representative shall maintain an active answering system and e-mail address capable of receiving and recording service interruption information.

5. Each of the Mutual Water Companies served by San Jose Water Company in the Mountain District shall be charged one Service Charge, based on the Mutual's meter size. San Jose Water Company shall provide each of the Mutual Water Companies one single quantity rate usage allocation per customer individually served by the Mutual Water Company, as described under Quantity Rates per Ccf. above. Thus, each Mutual Water Company will be charged at the Single Quantity rate for usage up to 20 Ccf times the number of customers the Mutual Water Company individually serves, and will be charged at the Overuse Rate for usage in excess of 20 Ccf times the number of customers the Mutual Water Company individually serves.
6. To fund the repayment of a Safe Drinking Water State Revolving Fund loan, pursuant to D.03-07-013 dated July 10, 2003, a monthly surcharge will be added to the bill as follows:

| For each 8-inch service | 102.96 | |
| For each 10-inch service | 128.71 | |
| For each 12-inch service | 154.45 | (l) |

SPECIAL CONDITIONS

1. The fire protection service connection shall be installed by the utility and the cost paid by the applicant. Such payment shall not be subject to refund. The facilities paid for by the applicant shall be the sole property of the applicant.
2. If a distribution main of adequate size to serve a private fire protection system, in addition to all other normal service, does not exist in the street or alley adjacent to the premises to be served, then a service main from the nearest existing main of adequate capacity shall then be installed by the utility and the cost paid by applicant. Such payment shall not be subject to refund.
3. Service hereunder is for private fire protection systems to which no connections for other than fire protection purposes are allowed and which are regularly inspected by the underwriters having jurisdiction, are installed according to specifications of the utility, and are maintained to the satisfaction of the utility. The utility may install the standard detector type meter approved by the Board of Fire Underwriters for protection against theft, leakage or waste of water and the cost paid by the applicant. Such payment shall not be subject to refund.

SPECIAL CONDITIONS

4. For water delivered for other than fire protection purposes, charges shall be made under Schedule No. 1, General Metered Service.
5. The utility undertakes to supply only such water at such pressure as may be available any time through the normal operation of its system. Section 774 of the Public Utilities Code limits the liability of the utility resulting from a claim regarding the provision or maintenance of an adequate water supply, water pressure, equipment or other fire protection facility or service. Acceptance of service under this tariff is acknowledgment of notice of the provisions of Section 774 of the Public Utilities Code.
6. The minimum diameter for fire protection service shall be two inches, and the maximum diameter shall be not more than the diameter of the main to which the service is connected.
7. All bills are subject to the reimbursement fee set forth on Schedule No. UF.

RAW WATER METERED SERVICE
(Continued)

3. The utility will supply at the point of connection only such raw water at such pressures as may be available from time to time from the Santa Clara Valley Water District. The customer shall indemnify the utility and save it harmless from any and all claims arising out of service under this schedule and shall further agree to make no claims against the utility for any loss, damage or injury resulting from service under this schedule.
4. As a condition for service under this schedule, all customers are required to comply with all San Jose Water Company's tariffs, except for those identified in the Commission's General Order 103 regarding supply of water not intended or claimed to be potable.
5. Customers who receive water deliveries for agricultural purposes under this schedule, and who present evidence to the utility that such deliveries qualify for the lower pump tax rates levied by the Santa Clara Valley Water District for agricultural water, shall receive a refund of \$2.4068 cents per 100 cubic feet for the quantities of water used. In accordance with Santa Clara Valley Water District procedures customers will be refunded every six months.
6. All bills are subject to the reimbursement fee set forth on Schedule No. UF.
7. To amortize the under-collection in the 2013 GRC Interim Rates Memorandum Account, a surcharge of \$0.2888 per 100 cu.ft is to be added to the Quantity rate shown for a 36 month period beginning with the effective date of Advice Letter 465-B.
8. To amortize the under-collection in the Mandatory Conservation Revenue Adjustment Memorandum Account, a surcharge of \$0.08 per 100 cu.ft. is to be added to the Quantity Rate shown until collected beginning with the effective date of Advice Letter 508B.
